Summary: The hamhams discover a rocket that goes off in space! Will they ever come back?

Hamtaro: Blast Off To Space

****Heres my story, called Blast Off To Space. ****

****Chapter 1 The Space Port****

It was a cold morning. Lora was getting ready for school. "Ok Hamtaro, I'm going to school now." She said. Then Hamtaro woke up. _Can't a hamster get any sleep in the morning? _He thought. Then Lora fed Hamtaro and then walked out her door.

Then Hamtaro ate his food and got in the living room. "Lora, are you all ready for school? Were not going to miss the Rocket fly off again!" Lora's dad said. "Ok daddy, I'm all ready." Lora said as she was walking out the door.

_Rocket? Now that's something I should tell the ha-hams!" _Hamtaro thought again. Then he made his way out the door, running to the hole. Then he jumped in.

"Guys, I have some important news!" Hamtaro said to the ham-hams. "Lora's dad said their was going to be a rocket fly off, but what is a rocket?" He said.

Then Maxwell looked in his book. "A rocket is a big space ship that goes into space for emergencies." He said. Then Hamtaro looked cereus. "We have to go! Lora and her family is going their, what's the emergency?" Hamtaro shouted.

Then the ham-hams talked it over and decided Hamtaro was right. After school, Lora went back home, then the ham-hams jumped in their car and went to the space port.

"WOW! This is one big space port!" Bijou said. Then they got out of the car, and ran all the way to the rocket. "Quick, jump on!" Pashmina said. So they jumped on.

3â€|2â€|1- BLAST OFF! Then the rocket took off. "Uh oh, let's get out of here!" Hamtaro said, but it was too late. They were already up to space. Then they found a little door so they went in the rocket.

**Sry the first chapter was short, chores. **
